Los Angeles, California 90012

Dear Supervisors:

**APPROVAL OF RESOLUTION TO DESIGNATE SIGNATORY FOR PROPOSAL
SUBMITTED IN RESPONSE TO THE CALIFORNIA DEPARTMENT OF CORRECTIONS
AND REHABILITATION REQUEST FOR PROPOSALS 060132 FOR SUBSTANCE ABUSE
SERVICES COORDINATION AGENCIES
(All Districts) (3 Votes)**

IT IS RECOMMENDED THAT YOUR BOARD:

Adopt the attached resolution (see Attachment A) that approves and authorizes the Director of Public Health, or his designee, to sign and submit a proposal in response to the California Department of Corrections and Rehabilitation (CDCR) Request for Proposals (RFP) 060132 for Substance Abuse Coordination Agencies.

PURPOSE AND JUSTIFICATION OF THE RECOMMENDED ACTIONS

On August 2, 2006, the CDCR released RFP 060132 for Regional Substance Abuse Coordination Agencies (SASCA). The RFP requires applicants to assess and place criminal offenders released from CDCR institutions into community-based substance abuse programs. The goal of the RFP is to reduce relapse and recidivism among these offenders through the provision of the treatment services.

Approval of this action will allow the County of Los Angeles Department of Public Health's Alcohol and Drug Program Administration (ADPA) to submit a proposal in response to the CDCR RFP. The proposal is due September 21, 2006.

FISCAL IMPACT/FINANCING

The total Statewide program cost for the period effective January 1, 2007 through June 30, 2009 will range from \$171,558,073 to \$180,587,445, depending upon the award of funds from the CDCR. The award for Los Angeles County may range from \$10,466,879 to \$11,017,767 for the time period January 1, 2007 to June 30, 2007, \$21,138,513 to \$22,251,066 for the time period July 1, 2007 to June 30, 2008, and \$21,138,513 to \$22,251,066 for the time period July 1, 2008 to June 30, 2009.

The costs will be fully offset by grant funds. There are no net County costs.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The CDCR is re-soliciting funds for the Substance Abuse Service Coordination Agencies through a competitive bidding process Statewide. The CDCR has established the Substance Abuse Service Coordination Agencies to provide substance abuse programs for male and female parolees. The eligible applicants include nonprofit and profit corporations, agencies, businesses, associations, or public entities. Walden House is the current CDCR contractor for the Los Angeles County region.

The RFP requires that the applicant has the ability to start services immediately. Therefore, the ADPA intends to utilize a model similar to the Proposition 36 program. This model complies with the intent of the RFP using existing providers for both assessment and treatment of criminal offenders. The model is composed of currently contracted Community Assessment Service Centers and State licensed/certified residential and nonresidential treatment providers.

The ADPA will subcontract with the Community Assessment Service Centers, which are located throughout the County. The Community Assessment Service Centers will be responsible for assessing participants released from the CDCR in-custody programs, and then referring and placing these individuals in the appropriate level of treatment. These levels will include a continuum of residential and nonresidential treatment services that best meet the needs of the criminal offenders.

Currently, the Proposition 36 program model includes on-going data collection and reporting between the ADPA, the Community Assessment Service Centers, and the treatment providers with the CDCR and its parole officers. These participant progress reports on treatment are an important component in the RFP. ADPA intends to utilize its automated data collection system for compiling information for these reports.

From 1990 to 2000, the ADPA has established a continuum of treatment services for criminal offenders released into the County. These programs have been instrumental in reducing relapse and recidivism rates among the criminal offenders.

During 1997 and 2001, the ADPA implemented a continuum of outpatient and residential treatment services for parolees released from the CDCR institutions. This Parolee Services Network was established through a competitive solicitation process.

During 2000, the ADPA implemented a network of Community Assessment Service Centers. The Community Assessment Service Centers provide assessment, referral, and placement of County residents in need of outpatient and residential treatment services.

The Honorable Board of Supervisors
September 19, 2006
Page 3

As of July 1, 2001, the ADPA implemented the Proposition 36 program utilizing its existing network of Community Assessment Service Centers and treatment providers. During 2003, the ADPA increased the number of treatment providers that can meet the unique needs of criminal offenders through a competitive solicitation process.

CONTRACTING PROCESS

If awarded funds from the CDCR, it is anticipated that the following service providers will receive additional monies under this Program (see Attachment B). The ADPA intends to amend contracts for agencies currently providing services within the Community Assessment Service Centers, residential, and nonresidential treatment sites Countywide. These agencies were selected based on their specialized expertise in implementing programs for eligible CDCR participants. These agencies are also capable of immediately implementing services by January 1, 2007. All agencies were previously selected and approved for contracts by the Board of Supervisors through past competitive solicitations.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Approval of the recommended action may result in the expansion of the current network of service providers available for individuals released from the CDCR institutions.

When approved, this Department requires one signed copy of the Board's action with original signatures.

Respectfully submitted,

 Jonathan E. Fielding, M.D., M.P.H.
